folding & nesting **tables**

by drake

**EASY MAINTENANCE
EASY HANDLING
EASY STORAGE**

**made in
Italy &
USA**

- extra strong
- extra UV resistant
- highly scratch resistant
- easy handling
- easy maintenance

Applications:

RESTAURANTS - BANQUET HALLS

Indoor/Outdoor Use - Temporary or permanent installations.

*** technopolymer table top is made in the USA

*** folding & nesting legs are made in Italy

our restaurant tables with folding and nesting legs can be stored in very small spaces and tacked away with minimum effort

easy cleaning & maintenance for permanent or temporary installations

**30"x32"
modular linking**

Material
The table top is made of a fiberglass reinforced technopolymer. The table leg is made of powder coated steel with adjustable feet. Available in white or anthracite. A "marine" version is available in stainless steel.

connectivity when regular monoleg tables are joined together to accommodate large parties, the alignment is very often impossible, table tops have steps and/or slightly different inclinations resulting in visually unpleasant and quite uncomfortable junctions. With our tongue and groove system, tables can be added in any direction and they remain seamlessly joined.

DSN tables by drake

Drake is proud to introduce
“**Dolce Stil Novo**”

the most revolutionary vision of an easy to handle, store and deploy portable banquet table system, aimed to replace folding tables of different lengths, adding bar tables & stools to the mix as well.

The world of banquet tables will never be the same...

**Made
in
USA**

“Dolce Stil Novo” modular *linking* banquet table systems *...life is sweet!*

Dolce Stil Novo (Italian for “*sweet new style*”) is the name given to the most important literary movement of the 13th century in Italy. It marked a true revolution in dignifying the use of Tuscan vernacular in exquisite literary works making them accessible to the masses.

Before the *Dolce Stil Novo*, all literature and higher education was in Latin. Latin, an exclusive privilege of the upper class, was no longer understood by ordinary people.

With the same revolutionary spirit, we introduce the:

“Dolce Stil Novo” MODULAR LINKING table system

which will make the storage, transportation and set up of banquet tables super easy, accessible and manageable for all. With such an advanced modularity, inventory morphs and adapts becoming what is needed, whenever is needed.

NO MORE inventories of bulky multiple sized & heavy to move tables.

With our system... **one size fits all...**

portable banquet tables

DSN tables by drake

**Made
in
USA**

- extra strong
- extra light weight
- extra UV resistant
- highly scratch resistant
- easy handling
- easy maintenance

...very modular

tongue and groove style slides in and out of the table top & lets users add as many tables as needed to the banquet layout... while keeping the table tops level.

Our composite polymer table tops are available in white, gray, beige, dark gray.

Applications:

CATERING - RENTAL - CONFERENCE & CONVENTION CENTERS

“Dolce Stil Novo” modular *linking* banquet table systems

...life is sweet!

rental & catering style (spider aluminum base)

- a massive chrome steel column, 27 1/4" long, slides into the 28" brushed aluminum table base.
- a strong, easy to maintain, 30"x32" composite resin table top snaps into the column.

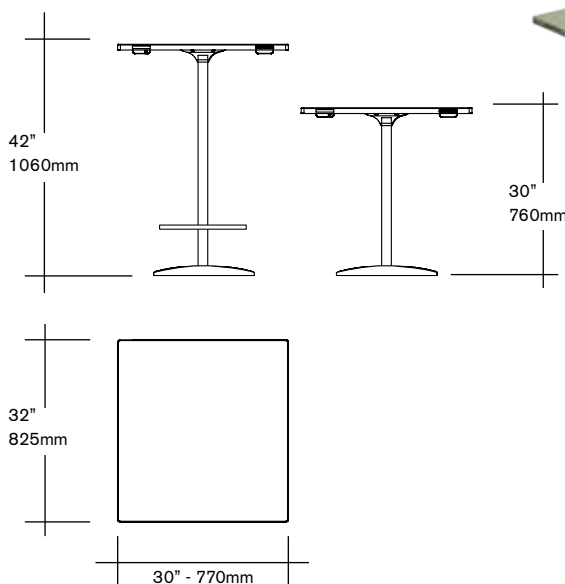

No tools required

trade shows, conventions & conference style (trumpet chrome base)

- a massive chrome steel column, 27 1/4" long (regular table) or 38 1/4" long (42" h bar table), slides into the 23" trumpet style chrome steel base.
- a strong, easy to maintain, 30"x32" composite resin table top snaps into the column.

No tools required
